Best for

Beauty, supplements, home, lifestyle. Familiar if you liked the first theme.

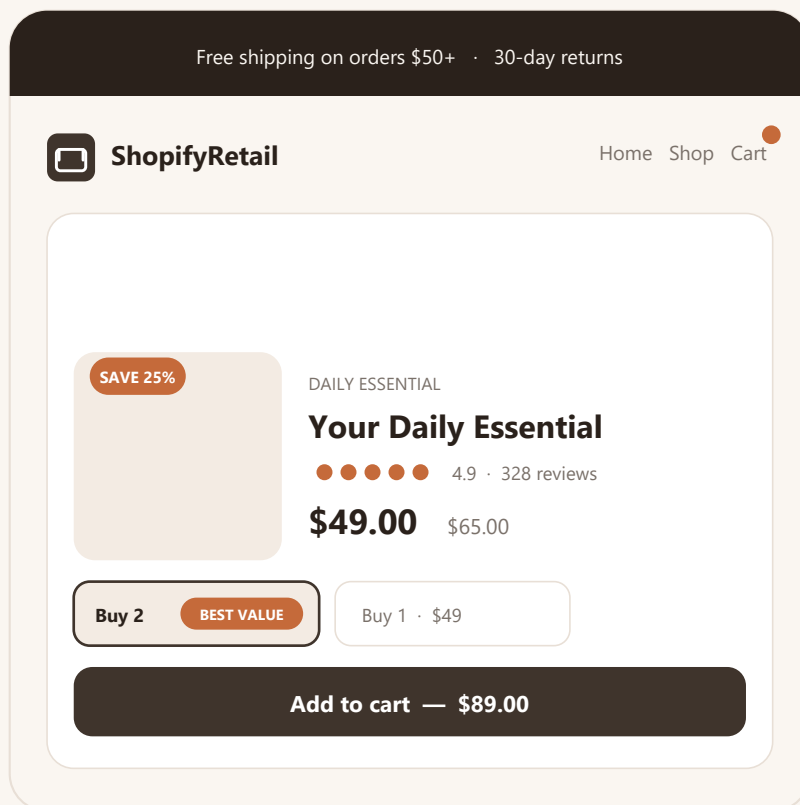

Watch-out

Electronics and gadgets can look out of place next to this much green.

Best for

Mixed catalog. Cosmetics feel expensive; gadgets do not look clinical.

Watch-out

Less 'fresh / organic' than forest green. Copper is the only bright accent.

Best for

Electronics, bags, fashion, mixed marketplace. Reads 'shop', not 'clinic'.

Watch-out

Navy is not electric tech-blue. Sale rust keeps badges from looking like jewelry.

Best for

If forest felt too grocery and charcoal/gold felt too severe.

Watch-out

Lowest 'brand color' of the four. Relies on photography to carry personality.
